Application
Form

Act now to join “Safety Pal”

Frontline supervisors and workers who have joined the “Safety Pal” will be eligible to participate in a series of safety promotional activities jointly organised by the **Development Bureau** (DEVB) and the **Construction Industry Council** (CIC) and receive important messages on construction safety regularly. More details of the promotional activities will be available later. Please complete the 3 steps below:

Step 1 | Please put a “√” in the box as appropriate:

- I have read and agreed to sign the “Joint Declaration” as stated on the back and to join “Safety Pal” to support for achieving the common goal of “Zero Accident” on construction sites. Please keep me informed of future safety promotional activities of DEVB and CIC (using the data that I have provided below).
- I have already signed the “Joint Declaration” and now confirmed to join “Safety Pal”. Please keep me informed of future safety promotional activities of DEVB and CIC (using the data that I have provided below).

Step 2 | Personal Information: (*Mandatory)

Worker Frontline supervisor

Name*: _____ Mobile Phone Number*: _____

CWRA Number/or Construction Industry Safety Training Certificate (Safety Card) Number*: _____

Email address (if any): _____

The form completed should be sent back to the Construction Safety Week Secretariat by email ~~safetyweek2@devb.gov.hk~~ or by fax 2524 9308 as early as possible.

Joint Declaration

The Objective

This Joint Declaration signifies a non-legally binding and voluntary partnership agreement among stakeholders in the construction industry to join hands collaboratively pursuing the common goal of establishing a safe and healthy environment on construction sites towards achieving the vision of “Zero Accident”.

The Pledge

I / We pledge to work towards the above objective through:

→ At an Individual Level

- **Strict Compliance:** to follow safety and health instructions and procedures in strict compliance with legal requirements and in-house rules.
- **Active Participation:** to participate actively in safety and health training and promotional activities.
- **Communication:** to maintain good communication with their supervisors and co-workers on all safety issues.
- **Responsibility:** to be responsible for the safety of the individual and care about others' safety on construction sites.

→ At the Government Level

- **Safe Construction:** to accord priority to safety considerations in design and construction of government projects.
- **Monitor and Support:** to ensure that risks to people's safety and health at work are properly managed by legislative and contractual enforcement, education and promotion.

→ At the Organisational Level

- **Strong Commitment:** to lead by visible and active commitment and leadership from the top management to nurture a proactive safety culture within the organisation.
- **Adequate Resources:** to procure adequate human and financial resources for the establishment, maintenance and implementation of a robust safety management system and all associated safety measures, and to manage its performance.
- **Continuous Risk Assessments:** to identify, assess and mitigate construction risks throughout the life cycle of a construction project.
- **Adequate Training and Promotion:** to provide safety training and arrange safety promotion activities for all levels of stakeholders.
- **Caring Culture:** to foster a caring culture on construction sites.
- **Effective Communication:** to maintain effective communication with supervisors and workers throughout the supply chain and engage them in all aspects of safety management.
